ALUMINUM FENCE SIGNS

Our Fence Signs are screen printed with high quality U.V. inks. Our signs come standard with mylar lamination. We also offer Tuf-Cote lamination which adds to the durability, for an additional cost.

Available thicknesses: .020 standard, .024 or .040.

MOUNTING HOLES

Standard is 4 holes, 3/16" in diameter in the corners. Corners are 1/4" radius (rounded) or square.

ALUMINUM NAMEPLATE WITH SOLID FOAM ADHESIVE BACK

MOUNT WITH PRESSURE SENSITIVE FOAM TAPE

All Of Our Fence Decals Are Screen Printed With Quality Inks For Maximum Outdoor Durability.

STANDARD FENCE DECAL

An industry standard for years. It is an excellent all around decal for vinyl and other smooth surfaces. It is available in white or clear.

HI-TAC FENCE DECAL

It features a high performance adhesive for an optimum bond to vinyl, plastic and metal materials. It is available in white or clear.

LAMINATION

The life of your decal can be enhanced by adding protective lamination, which we highly recommend. With a minimal additional cost, lamination maximizes the outdoor life expectancy of decals, providing added value to your advertising investment.

ORDERING INFORMATION

COLORS

We offer a selection of 25 standard opaque colors. We can match any color sample or PMS number besides our 25 standard colors. **EXACT COLOR MATCH CANNOT BE GUARANTEED**, including PMS colors. Metallic gold or silver inks printed on decals require lamination, and on plastic signs require a clear coat. We do not match colors to computer screen colors, only to physical color samples.

DIE CUT SHAPES

A variety of stock shapes are available for various products listed. Custom shapes require a one-time die charge. Contact us for a quote. Prices vary based on complexity and size of the custom shape.

BORDERS The minimum width for a border is 3/16" to the edge for decals and 1/4" for signs.

ART PREPARATION

Art is charged at \$60.00 per hour with 1 hour being our minimum. You can supply a rough sketch or drawing, or send computer generated art. We are Mac based, however we can accept PC files in specific formats.

COMPUTER GENERATED ARTWORK Providing a vectorized version of your logo or art can avoid an art charge. Allow 1-2 working days for your proof. When your proof is approved allow 15 to 20 working days for production

FILM CHARGE There will be a one-time charge per item on new or revised art, whether our art department designs the art or is designed by the customer.

DELIVERY

OVER RUNS OR UNDER RUNS of 5%-10% are the industry standard. High quantity printing typically yields a total number of units that is slightly higher (over run) or lower (under run) than ordered. **SOME OVER RUN OR UNDER RUN SHOULD BE EXPECTED WITH EVERY ORDER.** The total price charged will reflect the total number of units delivered.

COPY CHANGES – If you require a different phone number or name, etc. on your signs or decals, you may combine the two or three together for a quantity price.

PAYMENT TERMS

Credit Card - J.C. Gury accepts Visa, Mastercard, American Express and Discover. **THE CARD IS CHARGED AT THE TIME THE ORDER IS PLACED.** Any adjustments to quantity or freight costs will be adjusted at the time of shipment and charged or refunded to your credit card.

Check - We accept company or personal checks. You can obtain the order total from your customer service representative, which includes estimated freight and over-runs.

We do not accept C.O.D.

CANCELLATION

Cancellation of an order for any reason, will result in a **MINIMUM CHARGE OF \$50.00**. The actual cancellation fee will be based on how far into production the order is.

By choosing *J.C. Gury*
as your print graphics supplier,
you will benefit from over
